Re: Authorization to File Complaint

Dear Mr. Creel:

Our firm represents Autographs America Corporation. We have been engaged to file a lawsuit against you for making, distributing, and soliciting others to make false claims against our client in order to intentionally disrupt and damage, in a material manner, the integral internet commerce conducted by Autographs America. Autographs America Corporation has documented proof of sales losses resulting from your grand scheme of tortuous interference with Autographs America Corporation's e-commerce. Several potential purchasers are prepared to submit affidavits and have agreed to be deposed if necessary. They admit that they declined to purchase memorabilia goods from Autographs America Corporation only after visiting your website or derivative sites.

This letter is meant to give you notice of the pending lawsuit and allow you three (3) days from the date above to cease and desist said action described herein and to post a retraction web page detailing your error in posting this material in order to mitigate losses.

This is the only notice you will receive before this suit is filed.

Sincerely yours,

HODARI LAW OFFICE
